## **BEING GOOD NEIGHBOURS**

If you or someone in your family had a mental or physical disability, how would you feel if you heard people say, "I don't want them living near me," "Those people are dangerous," "Once they move in, my property values will go down," or "No thanks, not in my neighborhood"?

We need to make sure that we have great relationships with our neighbors so we can be a great example of being good neighbors.

How can we do that? Very simple, **greet** the neighbors when you see them; **Say hello**. A friendly smile and wave to a neighbor when you go out and get the mail can go a long way toward creating a pleasant atmosphere.

**Practice Parking Etiquette.** When you park your vehicle, be sure not to block anyone's access. Offer help whenever you can.

**Put rubbish/garbage out on the right day.** Only put your rubbish/garbage out on the day it's due for collection. If you accidentally miss the collection, bring it back onto your property immediately and try to contain it well. Garbage can attract vermin, insects, and other pests, and is also unsightly. Keep your trash area clean and debris free. Wash your garbage cans if they begin to smell.

**Monitor Your Noise Level** Noise is one of the most common community complaints. If you work in an apartment, walk softly so you don't disturb downstairs neighbors. Talk quietly when you are outside of the home so you do not disturb others.

**Most Important** If you are experiencing problems with a neighbor and you are unable to resolve them please contact your program coordinator and Dana Dimas to address the issues!.
